

Bec toasts a local drop

POPULAR lifestyle program *Postcards* was filming at artisan winery Basils Farm, in Swan Bay, this week.

In a segment scheduled to air on April 9, host **Bec Judd** (right) spent a morning at the property, chatting with sales manager and gardener **Ben Shaw** and enjoying tastings from the range of wild fermented wines.

The mother of four, including five-month-old twins, wore a textured, cotton lace dress by Skin and Threads and took time to taste local and farm-grown delights from Basils Cafe.

She later shared a video of the views of Queenscliff with her more than 600,000 followers on Instagram.

Basils Farm general manager **Kim Dema** is delighted with the TV exposure the farm has received of late. The venue was recently the backdrop for a cooking segment on *Better Homes and Gardens*.

"It's a privilege to be able to share the beauty of Basils Farm with such a wide audience," she said. "Our team love what they do and it shows."

"We embrace sustainable and biological farming practices and growing and using fresh, local produce in the cafe."

"The Bellarine Peninsula is really gaining momentum as a tourist destination and we are looking forward to seeing more visitors enjoy this beautiful part of the world."

Judd and the crew also called in to Terindah Estate winery on the Bellarine for lunch before returning to Melbourne.

"You'd think he would be (around me) and I was so excited to have him home but he is actually busier than ever," Bartel said.

Lily's home for Irish jig

AFLW star **Lily Mithen** (right) will get some extra cardio training when she returns home to Geelong to play a guest role in the Irish Folk Festival tomorrow.

The 19-year-old, who usually applies her leg speed in the Demons' forward line and midfield, will be powering a stationary bicycle during the Leprechaun Tumble raffle draw at the annual fundraiser.

The day kicks off at 11am at St Patrick's Primary School and includes appearances by **The Milk Maks**, **GSODA** and **Roaming Reptiles**.

Other attractions include carnival rides, a licensed bar, silent and main auctions and market stalls.

Lily will be on the bike at 2pm.
